

As someone who has grown with SRC both as a member and management committee member through various leadership appointments, I have had the privilege of contributing across several key areas of the Club's transformation journey.

Over the years, I have served as:
Sports Academy Selection Panel Chairman — where I helped identify and appoint strategic academy partners across multiple sports to strengthen SRC's sporting culture, create youth pipelines, and position SRC as a true hub for sports excellence.

IT Transformation Chairman — where I worked on modernising SRC's digital capabilities and systems to improve operational efficiency, member experience and long-term resilience.

Membership, PR & Engagement Chairman — where I focused on strengthening member communications, rejuvenating our membership profile, improving engagement touchpoints, and enhancing SRC's value proposition to both existing and prospective members.

As an active sportsman and someone deeply passionate about club life, I understand that SRC is more than just a facility — it is a community, a heritage institution, and a place where lifelong friendships and memories are built.

If elected, as part of the next phase of the 12 Good Men's "Grow" journey, my broad focus will be on:

- ☑ Deepening SRC's sports ecosystem by integrating our academies more meaningfully into club life and building stronger sporting pathways for all ages
- ☑ Enhancing member engagement through more vibrant programmes, better communication and stronger community bonding
- ☑ Driving digital innovation and smarter systems to improve convenience, access and member experience.
- ☑ Supporting sustainable membership growth by attracting younger members and families while preserving the Club's unique heritage
- ☑ Building a stronger, more future-ready SRC that remains relevant for generations to come

I believe SRC's best days are still ahead — and I am committed to helping shape that future together with our members.

For Members. By Members. For the Future.
