

I have been privileged to serve as a management committee member and Chair of the Legal and Constitutional Sub-Committee over the past term.

I am also gratified to be part of a united management committee which embarked on the transformation project as well as the new Ayer Rajah sports facility, projects which serve to enhance the vibrancy and value of the Club with its already excellent location, facilities and million-dollar views.

Whilst I constantly be reminded that we cannot please everyone, I remain hopeful that members who have seen the fruits of the commitment and good work put in by the 12 Good Men will vote us into the next term so that we can bring the transformation project smoothly to its full completion.

This will allow us to continue the never ending work of improving the club experience for members of all ages and particularly its relevance to a new generation of younger members to ensure this wonderful club endures.

Committee Member Elect,  
Nicholas Teo.
