

From a young age, I was deeply involved in the performing arts, especially Break-dancing, Hip Hop and Freestyle dancing. Whether performing as part of a group or as an individual, I discovered that dance is a powerful expression of rhythm, creativity, and the soul.

My passion eventually expanded into the world of music entertainment, where I took on roles as a Disk Jockey (DJ) and Master of Ceremony (MC) in Clubs, Dinner & Dance functions, and large-scale Family Day gatherings.

After completing National Service, I pursued this passion full time by joining an Event Management Company. This experience laid the foundation for my professional journey before I transitioned into the Oil and Gas industry.

If I am elected as part of the current phase of the 12 Good Men's "Grow" phase, I will bring with me the diverse skills and experience I have gained over the years through performing, entertaining, and event coordination. These experiences have shaped my ability to connect with people, energize environments, and create meaningful engagement. I am confident that with this background, I will be able to contribute significantly to the *SRC Lifestyle*—helping to build a more vibrant, engaging, and dynamic community for everyone.
