

## GOLF - ST - IGNACE

Acclaimed golf course architect Geoffrey Cornish built this unique 18 hole championship course layout in the 1970's while Kouchibouguac National Park was being developed. The course is breath taking, both visually and physically. Catering to 10 different communities, it is located one hour north of Moncton and is distinctly different from the cluster of clubs in that area. Outstanding holes are numerous, many featuring the existing stream and its host valley. St. Ignace golf is an invigorating and memorable golfing experience - the sport at its finest. You owe it to yourself to come and play this picturesque and challenging course soon.

### Our Course Layout

This Geoff Cornish layout is breath taking, both visually and physically! At 6541 yards from the blue and a slope rating of 131, this is one of the toughest tests of golf you will find in New Brunswick. You will definitely have to make use of all your clubs on this course!

Some of our toughest holes include...The signature 11th hole. A long par 3 that crosses the stream to an elevated green surrounded by trees. The 12th is a long straight and narrow par 5 to a green well protected by traps. Holes two and eight are both par 5 dog legs that dip down to the valley and cross the stream. Number 17 is another tough par 5 - sharp dog leg left, over the valley from an elevated tee.

## Our Facilities

Several features and services are available at our facilities... from catering to practice areas, we can meet all your needs.

We feature a fully equipped PRO SHOP for those important golf items...golf balls, tees, hats, shoes, umbrellas, bags, and more. Change rooms with showers and lockers are also available.

Our downstairs lounge comfortably seats 80 and features 2 pool tables, arcade and big screen tv for after golf activities and refreshments.

If you're thinking tournament we also have a catering facility with seating for over 200.

Think ST-IGNACE for your next golf experience.
