A Better and More Streamlined Asian Heritage Cuisine at PSC

As you have read above, as part of our club's transformation, we have continued to enhance the unique identity of each of our club's F&B outlet to make each outlet the best-in-class for their offerings. At PSC, we take pride in offering the finest Asian heritage cuisine in the heart of the CBD, featuring a wide array of beloved local dishes.

To sustain this quality amid rising costs in labour and raw materials, we will be making slight price adjustments to some menu items. This ensures not only that our standards remain uncompromised but that the quality of ingredients improves as we streamline our menu to focus on members' favourites.

Rest assured, our pricing remains competitive among clubs, and we appreciate your continued support during these changes. We are committed to maintaining an enjoyable dining experience at PSC.

For your convenience, we have compared our revised prices with those of nearby clubs:
