Wrapping up 2024

2024 was a year of progress, community, and renewal where our shared vision and dedication have come together to shape a brighter future for everyone.

This year marked the unveiling of our newly renovated spaces and here's a quick wrap up of how the club has transformed!

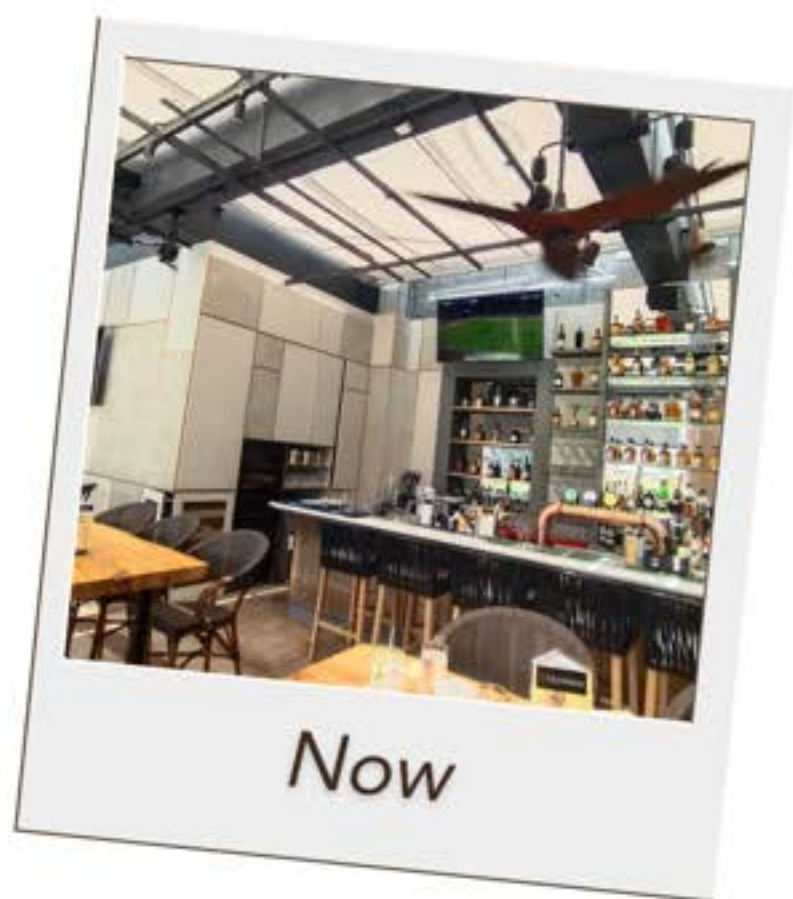

Refurbished and re-orientated the 2 tennis courts, 2 multi-purpose courts and 1 multi-purpose pitch which allowed us to maximise the usage of our courts during prolonged 7 months of public events at the Padang.

Newly installed chillers and cooling towers which significantly enhanced energy efficiency across the club.

Both passenger lifts have been upgraded to a new facelift!

The club took over the previously tenanted F&B - 225 Smokehouse which is now revamped as Oasis@Padang to provide food & drinks of better taste and value.

Then

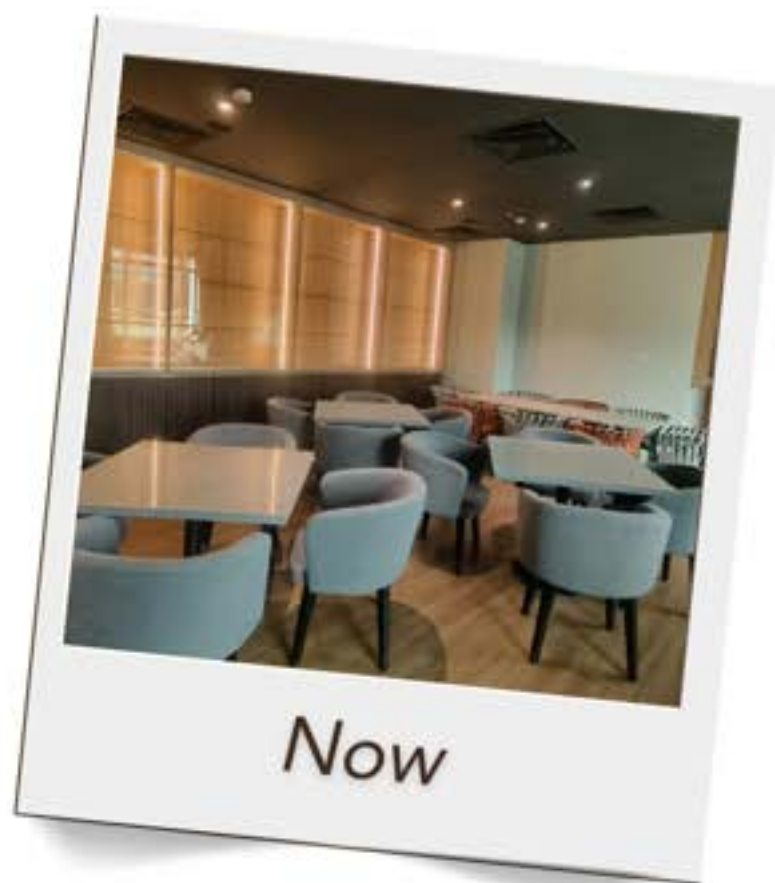

Now

Jackpot room was closed to make way for the expansion of Oasis@Padang which has been rejuvenated to a refreshed space with updated offerings and live band performances.

Then

Now

The previous reading room has also been transformed into a versatile space now known as Oasis Lounge, where members can work, read or relax in the daytime and enjoy food & drinks served from Oasis at the Padang.
