

Important Update: Tree-Felling Exercise

Please be informed that tree-felling works will commence today and are scheduled to complete by Wed, 27 August (subject to change).

! Please note: To facilitate these works, one carpark exit gantry will be closed on some days. Members may experience some congestion when entering or leaving the Club. Our staff will be deployed on-site to assist and ensure smoother entry and exit during this period.

We sincerely appreciate your patience and understanding as we carry out these essential works.
