

B@CAMPO COVID-19 POSITIVE CASE UPDATE - 14 NOVEMBER 2021

A chef from B@Campo tested positive for Covid-19 yesterday.

The chef was feeling unwell and self-tested at home. He did not turn up for work. He is currently in isolation at home under the Home Recovery Programme (HRP).

All other staff members from B@Campo have tested negative and will continue to do daily Antigen Rapid Test (ART) tests and monitor their health.

The kitchen and restaurant were disinfected yesterday.

Weekly ART testing is in place for all staff in order to ensure the safety and well-being of both our members and staff. The results of their ART tests are recorded as well.
